

Education Workgroup Report

TO: Jon Laria
FROM: Peter Conrad, Education Work Group
SUBJECT: Status Report on the Education Workgroup Activities
DATE: November 23, 2015

Sustainable Growth Challenge

The Education Work Group is continuing its work on the 2016 Sustainable Growth Challenge (SGC), which will focus on topics related to Reinvest Maryland.

The response this fall has been the best yet with thirteen professors submitted expressions of intent for their classes with some classes having multiple teams. We have worked with professors, as requested, to identify and refine project ideas and in several cases, made class visits.

The remaining timeline is:

1. December 4, 2015 – Deadline for submissions
2. December 2015 – Review of submissions and invitations to present
3. Late January 2016 – Presentations to panel
4. February 2016 – Awards ceremony at Growth Commission Event
